Dear Chairman Cole and Ranking Member DeLauro:

I am requesting \$1,494,981.71 for the flood risk reduction and infrastructure protection of Constituents in the Greens Mill Run watershed in Greenville, North Carolina – the largest city in NC-03. The project will resize three chronically undersized roadway culvert crossings at Fairlane Road, Greenbriar Drive, and the intersection of Greenbriar Drive and Club Road, and restore a piped section of stream to a naturalized open channel with floodplain benching and bank stabilization along Club Road.

There is a strong federal nexus as this project is eligible through the Clean Water State Revolving Fund (CWSRF) program, authorized under Title VI of the Clean Water Act (33 U.S.C. § 1383). The CWSRF finances projects for the construction of publicly owned treatment works and stormwater management, including stream restoration and flood control improvements that reduce nonpoint source pollution and protect water quality.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family. Thank you for your consideration of this request.

Sincerely,

A handwritten signature in black ink that reads "Gregory F. Murphy".
