Washington, D. C. 20515

Dear Chairman Tom Cole and Ranking Member DeLauro:

I am requesting \$20,970,000 to provide physical security upgrades to the Triangle Outpost Gate, Camp Lejeune. This project will provide much needed safety/security, and traffic flow improvements. The current configuration causes a cueing of vehicles for security checks resulting in traffic backup along both corridors of the intersection. This affects not only local commuting traffic but also access to the Onslow County Learning Center located adjacent to the intersection.

There is a strong federal nexus as this project because this security gate does not meet Department of Defense standards.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family. I am most grateful for your careful consideration of this important request.

Sincerely,

A handwritten signature in black ink that reads "Gregory F. Murphy".
